WORK EXPERIENCE

Software Development Intern

Humourbaba

08/2020 - 11/2020

Work From Home

Humourbaba is a next-generation fandom shopping platform crafting technologically advanced premium merchandise.

Achievements/Tasks

- Worked on FULL stack MERN web development.
- Developed using MERN Stack within 3 months. Received a lot of praises for developing the frontend pages and API calls.
- Performed QA , functional and security testing.

Frontend App Developer Intern

Uptone

03/2021 - 05/2021

Work From Home

Uptone is an app focusing on accessibility. Major social media networks are not friendly to visually impaired people and they require people to visually concentrate on the screens all the time to consume content. On the contrary, with Uptone visually-impaired people are able to receive updates simply by interacting with the voice assistant and it will move things forward.

Achievements/Tasks

- Worked on the community page of the app. Successfully developed the the functionality and features of the pages of the application.

Research and Development Executive

Entrepreneurship Cell

11/2018 - 03/2020

Mentored more than 1000 students in developing their Entrepreneurship skills and technical skills in various domains like Web development

Achievements/Tasks

- Increased the collaborations for my E-cell by more than 20% with other E-cell from all the colleges. Helped many startups to get funding form startup india program.
- Successfully Conducted many events like E-summit, HackerTech, Start-up Vit, FuturePreneurs and Business and Beyond
